U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on APRIL 10, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
APRIL 11 - 17, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of April 21, 1977 (based on reports from exporters for the week ending April 10 unless otherwise noted):

Wheat: Marketing year 1976/77 activity was very slow with the only notable feature, sales to Korea (PL-480), Taiwan and Venezuela. Switzerland switched Durum purchases of 15,000 metric tons (MT) to the next marketing year (MY). Purchases for 1977/78 were moderate, as Switzerland, Poland and unknown destinations showed minor gains. Nigeria's purchase of 101,600 MT of Hard Red Winter for 1977/78 was reported under the daily system. Export volume at 320,600 MT continued uninspired.

Corn: Sales activity slowed with the lowest net increase since the week of December 5. Principal buyers included the U.K. and Japan. Significant changes in sales to unknown destinations were reported, as final destinations were assigned. Europe, the USSR and Japan were the main beneficiaries. Export volume improved totalling slightly more than 1 million MT. There was a modest increase in 1977/78 purchases, with the Netherlands the principal buyer. The Netherlands also purchased (reported under the daily system) 50,800 MT for this MY and 76,200 MT for 1977/78.

Oats: After many weeks of relative inactivity, sales picked up with a 7,000 MT purchase by Japan accounting for the bulk of the new business. Sales of 1,000 MT to Venezuela were the first for the MY. With the MY nearing a close, total sales fall towards the lower end of the current USDA export estimate of 100,000 - 200,000 MT.

Sorghum: Sales activity recovered from the preceding week's slump with the sale of 111,200 MT to Venezuela. Japan continued to add to earlier purchases. Sales cancellations also loomed large as Poland cancelled 30,000 MT and the Netherlands 10,200 MT. There was significant activity reported under optional origin sales for 1976/77 with the net result, a substantial increase in sales to Japan and much smaller increases to Venezuela and unknown destinations. In addition, Venezuela bought 53,500 MT of optional origin sorghum for 1977/78 delivery. Both Venezuelan optional origin purchases were reported last week under the daily system.

Rice: The rice market continued moderately active with sales of 30,000 MT of milled long grain to Iran and 10,000 MT of milled medium-short to the Dominican Republic, their first purchase this MY. Earlier reported sales of 3,500 MT to Nicaragua were reduced to 200 MT based on revised data.

Cotton: Sales for both the 1976/77 MY and 1977/78 MY slowed. Taiwan and Japan were the only significant buyers, each adding about equal quantities for both 1976/77 and 1977/78. Exports declined but were still substantial. Japan, Taiwan, Hong Kong and Korea accounted for 56% of this week's liftings.

Soybeans: The net increase in sales of 941,400 MT was the heaviest so far this MY. The EC was the largest customer as West Germany alone added 412,100 MT to their earlier purchases. Japan and Taiwan also added significantly to purchases. Roughly one-half of the USSR's weekly total, 44% of West Germany's and all of Spain's were a shift from unknown destination. Optional origin sales showed a net reduction of 38,800 MT as the U.S. was declared the origin on sales to West Germany and the USSR. Exports at 208,000 MT were the smallest in 8 weeks with the EC and the USSR accounting for over three-fourths of the total. Japan and Canada were the only other importers. Sales for 1977/78 increased by nearly 100,000 MT to a total of 1,312,000 MT due primarily to sales to Japan and the EC.

Soybean Cake and Meal: Sales activity increased, totalling 72% larger than the preceding week's record MY pace. The EC accounted for over 72% of the business with large sales of 226,000 MT to the Netherlands. Other Western Europe, Eastern Europe Japan and Canada accounted for the most of the remaining sales. The first sale and export to Switzerland for the MY was reported (15,000 MT). Weekly exports at 88,900 MT slipped from the previous week with the EC being the principal importer. Poland, Portugal and Japan were also significant importers.

Soybean Oil: Sales of 15,500 MT to India under Title I, PL-480 were the major news of the week. Optional origin sales of 20,000 MT were reported to unknown destinations. Exports were mostly comprised of a 5,100 MT shipments to Pakistan (also Title I).

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
